

ZACHARY SMITH

Manhattan Beach, CA | (310) 890-6248 | zachary90266@gmail.com

PROFESSIONAL SUMMARY

Data Science student at Pennsylvania State University with hands-on experience in healthcare analytics, machine learning, and data visualization. Skilled in Python, SQL, Tableau, and statistical analysis, with experience transforming complex datasets into actionable insights and automated reporting solutions.

PROFESSIONAL EXPERIENCE

Data Science Intern – Pacific Healthworks

2024 – Present

- Structured, analyzed, and visualized healthcare data to identify operational trends and actionable insights.
- Leveraged MySQL, SSMS, and Tableau for comprehensive data cleaning, transformation, and analysis.
- Presented data-driven findings and recommendations to clinical leadership.
- Automated workflow processes to generate updated data visualizations and reporting tables.

Intern – Career Movement

May 2023 – Aug 2023

- Conducted market research on job trends and industry best practices.
- Developed strong communication skills through cross-functional team interactions.

Concession Stand Worker – Pennsylvania State University

2024 – 2025

- Collaborated effectively within team environments to deliver efficient customer service.

EDUCATION

B.S. Data Science – Pennsylvania State University, University Park, PA | 2022 – May 2026

High School Diploma – Mira Costa High School | 2018 – 2022

SKILLS

Languages: Python, R, SQL | **Tools:** MySQL, SSMS, Tableau, VSCode | **Core:** Machine Learning, Data Analysis, Statistical Analysis, Data Visualization, Automation

PROJECTS

Machine Learning-Based Genome Detection: Developed and trained machine learning models for genetic sequence classification.

Neural Network-Powered Soccer Match Prediction: Built predictive models using neural networks to forecast match outcomes.

Video Game Recommendation LLM: Engineered a recommendation system utilizing hybrid modeling and content-based features.
